Earth day Celebration – 2025

Sustainability Development of Renewable Energy

The Earth Day 2025 program commenced with an energizing rally at Jamal Mohamed College to raise awareness about renewable energy. The event was flagged off by Dr. Velu Rajesh Kannan (Vice Chancellor Committee Member) along with Dr.N. Manoharan (Organizing Secretary), Dr.M. Surilinathi (Syndicate Member), Dr.K. Thamarai Selvi (Director, Centre for Distance and Online Education), and Dr. R. Arthur James (Director, IQAC). Faculty members from Bharathidasan University, including Dr.P. Santhanam, Dr.R. Rajaram, Dr.V. Yoganandan (Department of Marine Science), Dr. Shanmugam Achiraman, Dr.M. Govindha Raju (Department of Environmental Biotechnology), Dr. Sathik Basha (Jamal Mohamed college), Dr. Thairiya Raja (Thanthai Periyar Government Arts & Science College) and Student, Post-Doctoral fellows, Research Scholars, NSS Students from Bharathidasan University and Jamal Mohamed college, also participated.

The rally culminated at Bharathidasan University's Khajamalai Campus, where a plantation drive was conducted. Dr.S. Rajakumar (Head, Department of Marine Biotechnology) and Dr. Prashanthi Devi Marimuthu (Head, Department of Environmental Science and Management) joined the activity, ensuring the successful planting of saplings.

In the afternoon, a drawing competition was held and totally 17 participants from various departments were participated, judged by Dr.A. Shanmugarathinam (Assistant Professor, Department of Pharmaceutical Technology, Anna University BIT Campus) and Dr.R. Jegankumar (Head, Department of Geography). The event also featured a special lecture on "Save Earth" by Dr.R. Mohanraj (Professor, Department of Environmental Science and Management).

Prize winners in Drawing Competition: (1 First place, 2 Second place and Third places)

1st Place: Dhrubajyoti Biswas
2nd Place: M. Vasanth
2nd Place: Saujanya Sarkar
3rd Place: Siwangi Rai
3rd Place: M. Praveena Dharshini

The program concluded with the distribution of certificates, cash prizes, and mementos to the drawing competition winners, followed by a vote of thanks. The initiative highlighted the importance of environmental conservation and sustainable energy practices.
