ABOUT THE UNIVERSITY

Bharathidasan University, established in 1982, is a leading government university in Tiruchirappalli, Tamil Nadu. It is known for excellence in teaching, research, and innovation across diverse disciplines. The university provides a strong academic environment with modern facilities and experienced faculty.

ABOUT THE DEPARTMENT

Department of

Biochemistry

was established in 2005 as a constituent department under the School of Life Sciences at Bharathidasan University. The department is a leading centre for teaching and research in life sciences, offering postgraduate and doctoral programmes with strong emphasis on molecular biology, clinical biochemistry, and neurobiology.

Equipped with advanced laboratories and modern instrumentation, the department provides hands-on training in molecular techniques such as PCR and Immunofluorescence. The department actively promotes research, seminars, workshops, and higher studies, preparing students for careers in research, academia, and biotechnology industries.

Academics Excellence

- ✦ Student-Centric Learning Environment
- ✦ Practical & Research-Based Education
- ✦ Workshops, Conferences & Guest Lectures
- ✦ Internship & Industrial Visit Opportunities
- ✦ Career Preparation for Research, Academia & Biotechnology Industries

Support

- Scholarship Facility
- Financial Assistance
- Affordable Education

Campus Life

- Hostel Facility
- Wi-Fi Enabled Campus
- Library Facility
- Safe & Green Campus

Salient Features

- ❖ Advanced Research Laboratories
- ❖ Experienced & Research Oriented Faculty
- ❖ Hands-on Training in Modern Techniques
- ❖ Wi-Fi Enabled Smart Campus
- ❖ Scholarship & Financial Assistance
- ❖ Library with 3000+ Books & E-Resources
- ❖ Separate Hostel Facilities for Boys & Girls
- ❖ Internship & Industrial Visit Opportunities
- ❖ Placement Assistance, Campus Drives & Job Fairs
- ❖ Seminars, Workshops & Guest Lectures
- ❖ Guidance for NET / GATE / Higher Studies
- ❖ Ecofriendly & Student Friendly Campus
- ❖ Funded Research Opportunities
- ❖ Higher Studies & Global Research Exposure
- ❖ Placement Support in UK, USA, Germany & Other Countries

Why M.Sc. Biochemistry is a Smart Step

Forward for Science Graduates

Shape Your Future with Biochemistry

Biochemistry is the foundation of modern biology, medicine, healthcare, and biotechnology. An M.Sc. in Biochemistry equips students with scientific knowledge, laboratory expertise, and research skills essential for today's healthcare and life science industries.

This programme offers a strong academic and practical foundation for students aspiring to build careers in diagnostics, pharmaceuticals, biotechnology, research, and higher education.
